

# TIDBITS

INSPIRATION FOR *do-it-yourself* LIVING 

Thank you for your interest in working with TIDBITS at <https://tidbits-cami.com>

My name is Cami and I am passionate about creating and inspiring others to create. I am the creator, author and photographer for the blog TIDBITS - a place for others to come and find inspiration for do-it-yourself living. I am also the mother of 4 kids all under the age of 11. My handy husband and I work hand in hand while improving our 1990's Utah home, raising our kids, and providing for our family. We are usually knee deep in projects or room makeovers and work well with our proven strategy of "she designs it, he builds it." Our style is fresh and clean with a vintage flair.
